If your Visa or Mastercard has a currency different from euro, you can choose to pay in the currency of your credit card. The currency amount on your card transaction receipt will be the amount that you will be charged to your card issuer.

Please flag: My currency  EUR

Please be aware that if your credit card supports DCC (dynamic currency conversion: www.global-blue.com) and if you don't flag any preference we will proceed in your home billing currency, with the benefit of a competitive exchange rate offered by Global Blue based on SEB wholesale rate (including mark-up 2,75%) as of the moment the order is processed.
